Subject: 2006 SDOP grant

The Presbytery of Northern New York invites applications for grant money through the Self-Development of People ministry which seeks to help people help themselves. Proposed projects will be presented, owned, and controlled by the group of people who will benefit directly from the grant.

Projects will address long-term correction of conditions that keep people bound by poverty and oppression. In recent years grants have ranged from several hundred to several thousand dollars.

Interested persons may contact Rev. Sarah Lee (Watertown area) for further information and a grant application (ylee19@twcnny.rr.com or phone at 315-788-8286), or Michael Catanzaro (North Country area), cantonpc-mpc@northnet.org or phone 315-386-2570. Deadline for application is September 30th, 2006.
